

ENHANCING THE KNOWLEDGE & PROVIDING FUTURE OPPORTUNITIES

The College has motivated students in their academics through the following efforts and activities:

- On 16-03-2017 a lecture for students and teachers of BCA (Muneet lakhanpal, Parul Beri, Pratiksha Chauhan, Priyanka Chauhan) was conducted in the college by **Dr. Sudhir Kumar (Associate Professor Dept. of Bio-technology and Bio-Informatics, JP University Solan)** who gave a presentation on “**E-Waste and its impact & Management**”. The lecture was ended with a mock test to assess the overall understanding of everyone present.

- **Cyber Fox Technology** organized a 2 day workshop (9am -5pm) on “**Ethical hacking and its various aspects**”. Appreciating the participants, certificates were also awarded to all of them.

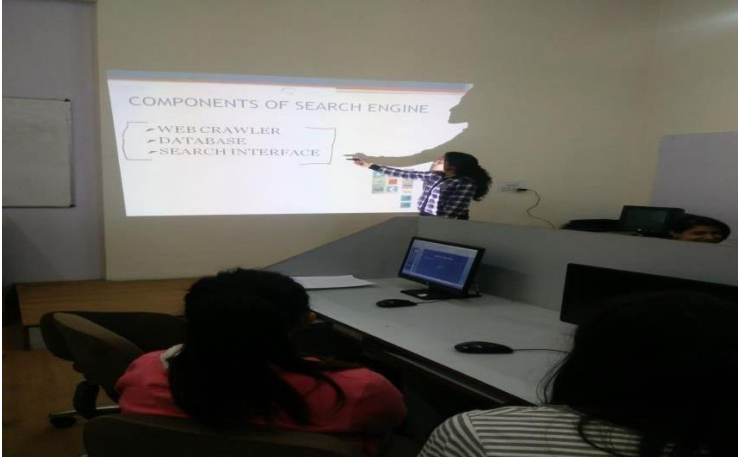

- The NGO “**Educare**” assisted the college to acquaint & provide the students with internship opportunities which might prove to be beneficial for them in future. A total of 10 students from BCA & B.Com. grabbed this golden chance and worked diligently to pass the interview for the final recruitment.

- Career counseling sessions were also organized for the students by “**Vee Software Solution**” (in 2017) and by “**INFOMATH**” **Studies Pvt. Ltd. Chandigarh** (In 2019).
- In February 2018 and June 2019 students also received a short term training for many programming languages of their interest (like PHP,HTML,JAVA & ASP.net etc.) through a Winter and Summer training session held by **NIELIT(National Institute of Electronics & Information Technology)** at Jakhu, Shimla. It was a remarkable experience for all the participants which helped them to excel in their programming.
- Students were guided and motivated by the BCA teachers regarding the preparation of projects and PowerPoint presentations on the various topics assigned to them from time to time.

- To build the student's confidence and communication skills and to assess their understanding about their studies, the effective method of reverse teaching was also used every once in a while.

- Days of International and National importance like Drug Abuse Day, Women's day, Environment Day, Independence Day etc as always were observed and celebrated with the students spreading awareness on them.

All these programs and activities have helped the students to gain exposure and experience so as to excel in their lives.
