REPORT ON STUDENT ORIENTATION AND AWARENESS PROGRAMME

UNDER BHASHASETU HIMACHAL

Government College Sanjauli, Shimla | 15 October 2026

Government College Sanjauli, Shimla, organised a Student Orientation and Awareness Programme under the BhashaSetu Himachal Project on 15 October 2026. The programme was an initiative of the Directorate of Higher Education, Himachal Pradesh, in collaboration with Ebek Language Hub. It aimed to familiarise students with the importance of language learning and the diverse academic and professional opportunities associated with linguistic proficiency in an increasingly interconnected world.

The session was delivered by Mr. Noel Desouza from Delhi and his colleague, Ms. Kavya from Gujarat. The resource persons introduced students to the scope and significance of learning English, German, and Japanese, highlighting how language proficiency can strengthen communication skills, broaden career prospects, and facilitate opportunities in fields such as teaching, hospitality, tourism, international business, and overseas education.

The programme also emphasised the value of multilingualism in fostering intercultural understanding and enabling students to explore emerging professional opportunities beyond conventional career pathways. Students were made aware of the benefits of advanced English communication skills and foreign-language learning for employability, higher studies, and global exposure.

The two resource persons also circulated a Google Form to gauge students' willingness to apply for the programme. Responses from the students are awaited.

Approximately 350 students attended the programme. The session provided them with valuable insights into the relevance of language education for academic enrichment, professional development, and career advancement.

Dr. Shiwani Khatri, Associate Professor, Department of English, served as the nodal officer for the programme. The initiative encouraged students to recognise language learning as an important skill for personal growth and future career development.

The programme concluded by highlighting the role of linguistic competence in creating new opportunities and preparing students to engage confidently with an increasingly multilingual and globalised world.
