

Event Report: Chemistry Departmental Function

The Chemistry Department hosted a special event on 21st December, 2024 that brought together esteemed guests, faculty members, and students to celebrate not only the academic progress made in the field of chemistry but also the community spirit and commitment to knowledge. The event aimed to create an environment where creativity, learning, and a sense of togetherness could flourish, reinforcing the department's dedication to academic excellence and collaborative growth.

The event began with the welcome speech, where the host, on behalf of the Chemistry Department, expressed their joy in welcoming everyone present. The host emphasized the importance of the gathering, not just as a celebration of progress in the field of chemistry but as a platform to promote an atmosphere of knowledge, creativity, and mutual respect.

Following the welcome speech, the program moved forward with the Welcome Dance.

Afterwards the event proceeded to the Badge Pinning Ceremony. The chief guest of the program worthy Principal COE Sanjauli, Professor Bharti Bhagra graced the occasion by her benign presence. Prof. Bharti Sharma, Prof. Shalu Chauhan, Prof. Rita Chand and Prof. Yogesh Sood felicitated the chief guest by pinning the rosette and presenting the memento.

Then the program shifted to Quiz Competition, designed to engage participants and test their knowledge in the field of chemistry. The quiz included challenging and fun questions related to chemistry and other related subjects, encouraging a spirit of friendly competition among the attendees. It was a lively session where participants showcased their knowledge and learned from one another.

After that a Documentation on the Theme of the event (Role of Chemistry in Photography and Imaging) was presented. This session provided a deeper understanding of the significance of chemistry in our daily lives and its contribution to global advancements. The presentation was insightful, offering both historical and contemporary

perspectives on the impact of Chemistry. Then the quiz was concluded by announcing the results of winning teams. First position was bagged by Arpita, Anshul, and Kanika from BSc. Lifesciences (final year).

To bring the event to a close, a cultural folk dance was performed, that showcased the cultural richness and vibrancy of the region. In the final moments, the host delivered the closing speech, expressing gratitude to all participants, performers, faculty, and guests.

This event was a wonderful blend of academic achievement, artistic expression, and community spirit. It was a memorable day for all those involved, reinforcing the values of learning, creativity, and collaboration that the Chemistry Department stands for.
