Government College Sanjauli

Report of Workshop on “Frontier Areas in Materials Research”

The students of Chemistry Department got an opportunity to attend a workshop organised by Indian Academy of Sciences in collaboration with Department of Physics H.P. University Shimla-5 on dated 9th and 10th of September 2022. The title of the workshop was “Frontier Areas in Materials Research”. Eight students from Chemistry department along with Asstt. Professor Shalu Chauhan attended the workshop. There were four sessions in the workshop. A presentation on the

topic “Inorganic Analogues of Graphenes” was presented by Prof. Ayan Datta from IACS, Kolkata and another one was presented by Prof. Rabibrata Mukherjee from IIT, Kharagpur on the topic “Morphology Modulation in Polymer Blend and Bilayer Films”. It was very informative and interactive session for the students. Students gained the knowledge about Graphenes and Polymer Chemistry.
