

Report

After the success of first quiz that was organized on 2nd September, 2019, students of Monday-Tuesday Practical Group of B.Sc. 5th Semester organised the second quiz of the group on “POLYMER CHEMISTRY AND ENVIRONMENTAL AWARENESS” on 17th September, 2019 in the college Conference Hall under the guidance and supervision of Chemistry Professor Dr. Sandeep Chauhan from 12 to 2 PM. The quiz was co-ordinated by **Amarsh Mehta and Tushar Godyal**. The following Four teams participated in the quiz:

Team A- Divanshi Thakur, Muskaan Kashyap, Sanjay, Avantika, Priya

Team B- Suruchi, Tanya, Priyanka, Anchal, Pradeep, Saurav

Team C- Amit, Ajay, Hemant Azta, Satish, Sunil, Himanshu

Team D- Samiksha Negi, Sonali, Pooja Dasta, Nishant Thakur, Sangita.

It was a four round competition as follows:

Round 1-Polymer Theory Round: In this round every team was asked 2 questions from Polymer Chemistry.

Round 2-Polymer Practical Round: This round included questions related to practicals of Polymer Chemistry.

Round 3-Environmental Awareness Round: This round comprised of questions related to environmental facts, data and environmental reports.

Round 4-Audio visual round: In this round, a question was asked based on a picture of a famous personality or a sportsperson.

All the participants showed great competitive spirit and enthusiasm. The questions were a bit tricky but were dealt nicely by all the teams. After 3 rounds Team B was leading followed by Team A, Team C and Team D. But Round 4 had a surprise for all, correct answer would be awarded 200 points and in case of wrong answer or no answer 200 points were deducted. With 2 consecutive right answers Team D turned the scoreboard in their favour, and with 2 consecutive wrong answers Team C lost their precious lead and was down to last position. This turn around in the scoreboard was really unexpected and proved to be the winning moment for Team D. Consequently, Team B, Team A, and Team C got 2nd, 3rd and 4th positions respectively.

Efforts of all the teams and the coordinators were appreciated by Dr. Sandeep Chauhan, and the winning team was congratulated by all.

The quiz was followed by an inspirational talk by Dr. Sandeep Chauhan on his experiences and knowledge on Environmental awareness. His talk was followed by a discussion in which many students presented their practical solutions to conserve the environment.
