

## Report on the Plantation drive in the College Campus by EcoClub on 22/04/2024

The EcoClub of CoE, Govt. College Sanjauli Shimla-171006 organized a plantation drive on 20 April 2024 with the aim of enhancing the green cover of the college campus and fostering environmental awareness among students. The plantation drive involved the participation of students and faculty members who planted **300 Ornamental plantlets of Petunia, Dianthus, Daisy, Pansy, and Dog flowers** across designated areas (Science Block, near principal office, ground and greenhouse) within the campus. Proper planting techniques were demonstrated to ensure the healthy growth of the saplings.

**Plant material**

**Outcomes:**

Increased greenery on campus.

Raised environmental awareness among participants.

Promoted teamwork and community engagement.

**Conclusion:**

The plantation drive organized by the EcoClub successfully contributed to the greening of the campus and instilled a sense of environmental responsibility among participants.
