

# COMMUNITY FEEDBACK

- This report emphasised on one of the targets of NSS to foster community participation and create social awareness. The NSS Unit of Govt. College Sanjauli conducted a comprehensive survey during this session (20224-25) in our adopted village Dummi, Shimla. The purpose of the survey was to assess the activities conducted by NSS Unit in the village and to identify from the community the feedback on key issues, which are related to awareness on government schemes and overall development of the village.

The Survey focus on following areas:

1. Community contribution by NSS
2. Awareness of Govt. Schemes
3. Expectation from NSS Unit in the future

In this survey more than 30 people of the village gave their feedback about the NSS Unit and their programmes. Also, people discussed the major problems in their village. The feedback collected from the survey highlights the positive impact of the NSS Unit has had on the village's social development. However, there is still work to be done in terms of enhancing the villagers' understanding and access to government welfare programmes. The feedback provided will help shape future initiatives that NSS pursues.
