

# WORLD PHILOSOPHY DAY (WPD)

21 NOV 2019

The word Philosophy comes from the Greek word “philosophia” meaning Love of Wisdom. It is often regarded as the mother of all the Sciences. Philosophy is the study or clarification of the fundamental intellectual concepts. The World Philosophy Day was proclaimed by UNESCO to be celebrated every 3<sup>rd</sup> Thursday of NOV. It was first celebrated on 21<sup>st</sup> NOV 2002 and the objective was to raise public awareness of the importance of Philosophy and its critical use in life. In this connection class activities were conducted for the Philosophy students (e.g. free speech, quiz and group discussion etc). The students enthusiastically participated in the activities and shared their views and feelings about the subject.
