# Report on E-Waste Collection Drive

On 7th March 2025, the Rotaract Club COE, Government College Sanjauli organized an E-Waste Collection Drive and donated the collected e-waste to the Rotary Club of Shimla. This initiative was a significant step towards creating awareness about the hazards of electronic waste and the importance of its safe disposal.

In the drive, students and members of the Rotaract Club actively participated by gathering discarded electronic items from the college premises. The collected material was formally handed over to the Rotary Club of Shimla for proper disposal and recycling, ensuring that it would not add to environmental degradation.

The occasion was marked by the presence of Rtr. Ishan Thakur, President of the Rotaract Club COE, Government College Sanjauli, along with our respected Convenor, Mrs. Rita Chandel, who has always encouraged such sustainable initiatives. Rotary Club President, Rtn. Er. Saurabh Raj Sood, personally acknowledged the contribution and extended his heartfelt gratitude to the Rotaract Club for supporting this noble cause.

This collaboration between the Rotaract and Rotary Clubs reflects a shared commitment to sustainability, social responsibility, and community service. The drive not only contributed to reducing e-waste but also inspired students to adopt environmentally conscious practices in their everyday lives. It was yet another example of how youth-led initiatives, under the guidance of Rotary, can bring about positive environmental and social change.
