

Annual Action Plan for Gender Awareness

- Regular workshops, seminars, and interactive sessions will be organized to educate students and staff about gender stereotypes, gender roles, and the impact of unconscious biases. Screen films challenging stereotypes.
- Gender equity programs will be designed to ensure balanced participation of all genders, fostering a culture of collaboration and mutual respect.
- The Girls' Common Room will be upgraded to create a more vibrant and welcoming environment with enhanced furniture, reading materials, and recreational facilities. Additionally, efforts will be made to establish inclusive common spaces for students of all genders to promote interaction and understanding.
- The Women's Cell will expand its counseling services to address gender-related concerns, including harassment, mental health, and self-empowerment. Extend the scope through community engagement and external partnerships with GOs/NGOs.
- Institutional policies related to gender equity will be reviewed periodically to ensure relevance and effectiveness.
