Report On
EDUCATIONAL TOUR TO CSLC SCIENCE MUSEUM, SHOGHI

Organised by	Zoological Society, Centre of Excellence, Government College Sanjauli
Date	16th October 2026
Venue	Centre for Science Learning and Creativity (CSLC), Science Museum, Shoghi, HP
Total Participants	48 students

Introduction

The **Zoological Society** of Centre of Excellence, Government College Sanjauli, organised an educational tour to the Centre for Science Learning and Creativity (CSLC), Science Museum, Shoghi, on 16th October 2026. The visit aimed to enhance students' scientific understanding through practical exposure, interactive learning, and environmental awareness.

Approximately 48 students from the B.Sc. Life Sciences 2nd and 3rd years participated in the tour. The students were accompanied by **Prof. Shivani Keprate, Prof. Dr. Shweta Sharma, and Prof. Sarla Thakur.**

Activities and Learning Experiences

During the visit, students explored various scientific exhibits, interactive models, experiments, and optical illusions at the museum. These displays provided an engaging opportunity to understand scientific principles through observation and practical demonstrations. Dr Rishi explained the scientific concepts and models very effectively.

The interactive exhibits helped students connect theoretical knowledge with real-life applications. The visit encouraged curiosity, critical thinking, and scientific observation while providing valuable learning experiences beyond the classroom.

Lecture on Biodiversity of Himachal Pradesh

An informative lecture was delivered by **Mr. M. L. Thakur,** State Coordinator, HP State Biodiversity Board, on the topic “Biodiversity of Himachal Pradesh.”The session highlighted the rich biodiversity of Himachal Pradesh, including its diverse flora and fauna, threatened species, and the importance of wildlife conservation. Examples of threatened and endangered species, such as the Western Tragopan, Snow Leopard, and Himalayan Musk Deer, illustrated the significance of protecting the region's unique natural heritage. The lecture emphasized the importance of biodiversity conservation and the need to protect endangered species and their habitats.

Conclusion

The educational tour to the CSLC Science Museum, Shoghi, was a successful and enriching experience for the participating students. The interactive scientific exhibits and informative lecture on the biodiversity of Himachal Pradesh broadened their understanding of scientific concepts and environmental conservation.

The visit effectively complemented classroom teaching with practical exposure and experiential learning. Overall, the tour was informative and engaging, achieving its objective of promoting scientific curiosity, academic enrichment, and awareness about the conservation of biodiversity.
