Report on Interactive Session for IIT JAM – 2024 Aspirants December, 28, 2023 Under DBT Star College Scheme

Departments of Physics, Centre of Excellence, Government College Sanjauli, organized an insightful interactive session on 28 Dec. 2023 under DBT Star College Scheme focused on the preparation strategy for IIT JAM- 2024, featuring esteemed guest speakers Mr. Manish (pursuing MSc Physics from IIT Delhi) and Miss Mokshika (pursuing MSc Physics from NIT Jaipur) Who are former students of our college. Around 100 students from B.Sc. Ist, IInd and IIIrd participated in the session along with the faculty from department of Physics

Session Overview:

1. Guest Speakers: The session begin with an introduction to our guest speakers-accomplished individuals who once walked the same halls as our current students. Their firsthand experiences and success stories added a relatable and motivating dimension to the session.

2. Sharing Experiences:

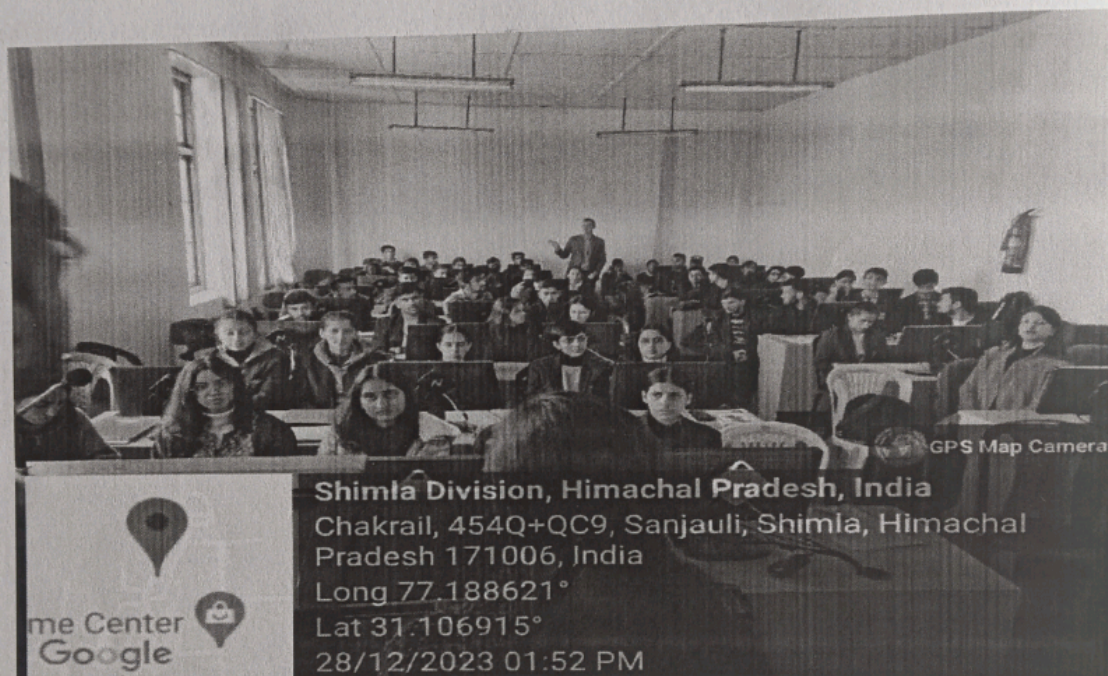

The speakers shared their journeys from undergraduate studies to securing admission in renowned institutes for postgraduate studies they discussed the challenges they faced the strategies they employed and the role of consistent effort in achieving success.

3. IIT JAM Insights:

The focus then shifted to insights specifically related to IIT JAM -2024 preparation. The speakers provided valuable tips on understanding the exam pattern, effective time management and recommended study material. They emphasized the importance of a holistic approach covering all subjects comprehensively.

4. Interactive Q&A:

The session featured an engaging Q&A Segment where participants had the opportunity to seek advice on specific challenges they might encounter during their IIT JAM preparation. The interactive nature of this segment fostered a sense of camaraderie and mentorship.

5. Motivational Closure:

The session concluded with an inspiring note from the guest speakers, encouraging our students to preserve, stay focused, and believe in their capabilities. Their success served as a testament to the transformative potential of dedication and hard work.

Feedback and Future Initiatives:

Participants expressed their Appreciation for the informative and motivating session. The Physics Department plans to organize similar sessions in the future, fostering a culture of guidance and mentorship among current students. In essence, the IIT JAM preparation session not only provided valuable insights into the strategies for success but also established a meaningful connection between current students and their accomplished predecessors.

Details of Resource persons:

1. Mr. Manish (pursuing MSc Physics from IIT Delhi) (former student, Department of Physics)
2. Miss Mokshika (pursuing MSc Physics from NIT Jaipur) (former student Department of Physics)

Career guidance Symposium

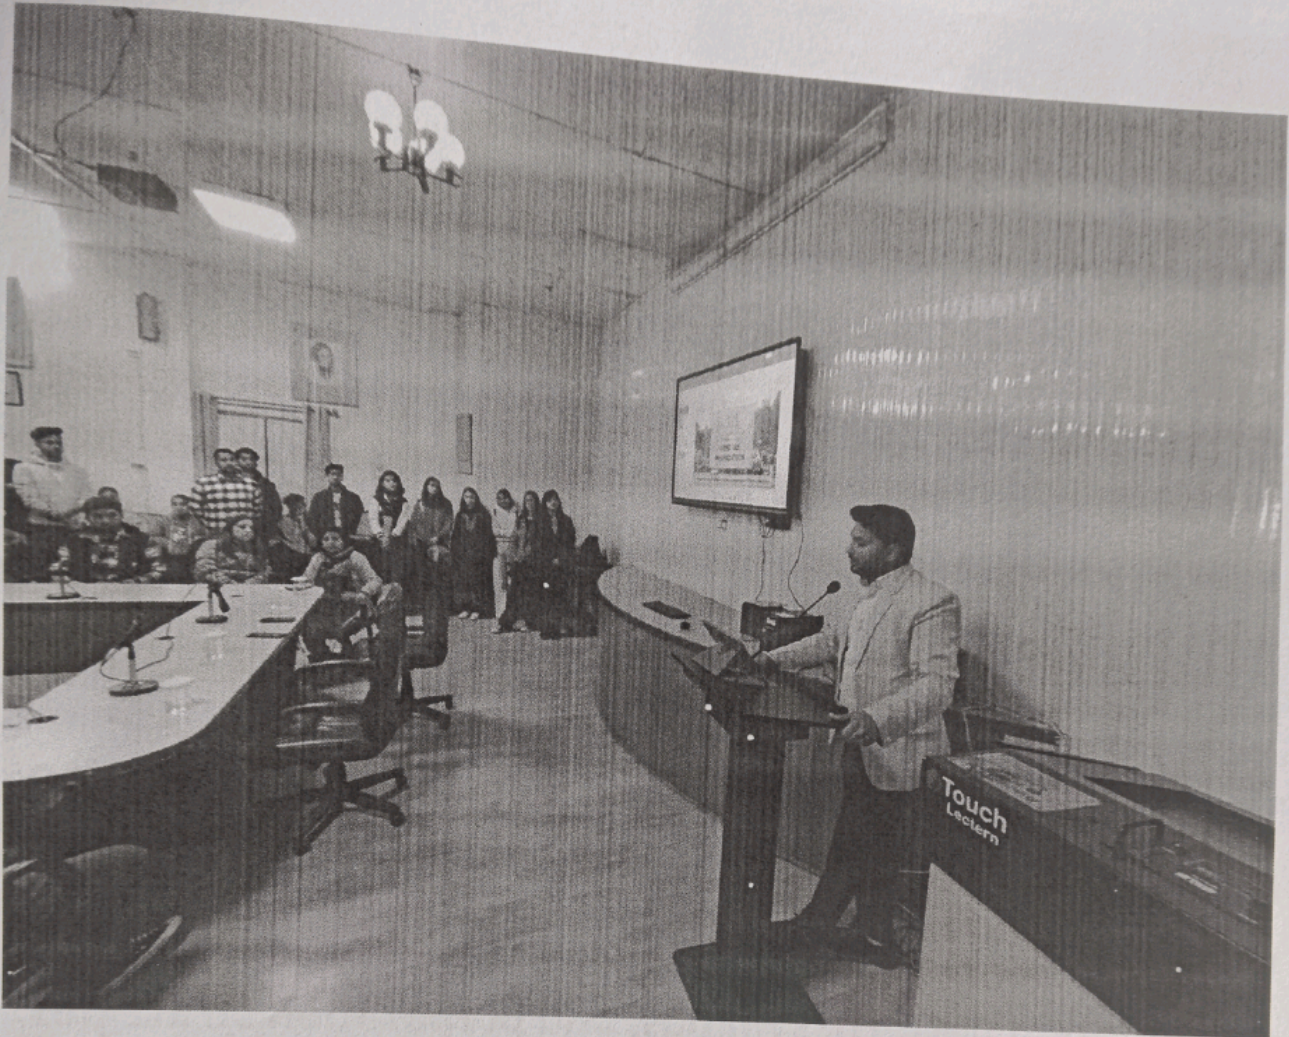

On **22 February 2024**, the Center of Excellence at Government Degree College, Sanjauli, Shimla, hosted a career guidance drive aimed at providing insightful guidance to students regarding the UPSC examination.

The event was organized in collaboration with the renowned Raj Malhotra Institute, headquartered in Chandigarh. The initiative aimed to enlighten students about career opportunities in the civil services sector and provide them with essential guidance to excel in the UPSC examination.

The primary objective of the career guidance drive was to equip students with comprehensive knowledge and insights into the **UPSC examination process**.

Additionally, the event aimed to inspire and motivate students to consider pursuing a career in civil services.

The career guidance session witnessed active participation from approximately 50 students of Government Degree College, Sanjauli, Shimla. The event was facilitated by a team of two teachers from the Raj Malhotra Institute, Chandigarh, who brought with them a wealth of knowledge and expertise in the field.

The session commenced with an informative presentation by the guest teachers, shedding light on various aspects of the UPSC examination, including its eligibility criteria, examination pattern, syllabus, and preparation strategies. The interactive nature of the presentation allowed students to actively engage and seek clarification on any queries they had regarding the examination.

Furthermore, to make the session more engaging, a quiz competition was organized, wherein approximately 15 students showcased their knowledge about the **UPSC examination** and related topics. The quiz comprised questions ranging from current affairs to general knowledge, challenging the participants and fostering a spirit of healthy competition.

In recognition of their outstanding performance in the quiz competition, the top 15 participants were awarded prizes. The prizes included headphones, trimmers, earphones, smartwatches, and Bluetooth speakers, serving as tokens of appreciation for their commendable efforts and enthusiasm.
